

The Communicator August 22, 2023

Onagh Ash took a number of great photos this past Sunday. I'm sharing them with you because.... **This is what Community Looks Like.** Whether it is Mangus trying to get a sniff of Amigo during Communion or celebrating having Ken Lathrop back after his injury, it is all wonderful. As your Communicator I am sometimes joined by Amigo during announcements and below Judy and Ninive are obviously working on something important as Mario and I work on planning a new roof for Caminando Unidos.

Our choir not only sings like angels but obviously has a good time looking down on us during the Sharing of the Peace. What **DID** they find so amusing?

Last Thursday, Saint Michael's hosted an important community meeting introducing Expats to the value of SeguriChats a new service offered by the State of Morelos and the Municipality of Cuernavaca that allows members to communicate safety concerns on WhatsApp and have near immediate access to emergency services. 40 members of the Expat community signed up during

The Communicator August 22, 2023

the meeting. We are grateful to the representatives from SeguriChat as well as the Municipality of Cuernavaca and the State of Morelos and, of course, to Charlie Goff for bringing this program to us and for translating for those in need. If you were not at this important meeting and would like more information please contact me directly,

This Saturday, August 26, 11-5, is our greatly anticipated Bazaar!! We are thrilled to have approximately 25 vendors as well as our own Saint Michael's table. Donations for that table **(100% of the sales at our table will go directly to Saint Michael's)** should arrive between 10 and 11. Maria Jose and her mother will be manning our table but will be happy to have volunteer help. Items for our table should be nice quality - not garage sale items. Judy has arranged for all the accoutrements we might need from a hanging clothes rack to price tags. We have already received some lovely items! Hoping you'll search your home and closets and find things you think could find a new home.

There will be lots of goodies so bring an appetite and a friend! The library will also have a table and be signing up new members. And, If you're not a member, please join and help support this essential community resource.

Mondays, 4-6 PM, at Saint Michael's, we will have Spanish classes for all levels. Charlie and Gloria Detweiler swear by Charlie's excellent teacher, Ramon Ramon.

And this Thursday, and the fourth Thursday of each month, we will meet at Mexico Lindó. Blvd. Benito Juárez #42, for social hour, botanas and dance classes. Does it get better? There were lots of questions about this Sunday so I'm hoping we'll have a good turnout on Thursday for our first gathering. Just wear a smile and your dancing shoes! It comes highly

recommended by Charlie and Gloria s well as other members of our congregation. Let's give it a try!

Reminder!!!! Please respect the handicapped access in front of the church. Though unmarked at this point we try to keep two parking spaces open for unloading and the handicapped. Thank you.

Best to all of you!!! The Communicator
