

## The Communicator April 19, 2024

This is an addendum to last Tuesday's Communicator. The library had been asked to send information to be included and unfortunately their mail got lost in my inbox.

From Librarian Eugene Hoekendorf

The library was open last Saturday 13 April (2nd Saturday of the month). We had another of our English Story Sessions. Jackie Robinson read

"There's a Cow in the Road". We had 5 children attending along with many parents. There were some kids who were not bilingual so Jackie added Spanish to help those children understand the book.

I'm in the process of reaching out to the Spanish-speaking congregation of San Pablo to invite those children also.

The next story session will be on the 1st Sunday of May (Cinco de Mayo!). Also on the 2nd Saturday (11 May). Micheal Wolf will be our guest reader.

Remember the library is open on the 1st Sunday of each month. May 5th! 10:30-2. The extended hours are to showcase an exhibition of the art of Monica Peralta.

## The Communicator April 19, 2024

Since Sunday this years falls on Cinco de Mayo we will be promoting attending church in Mexican style clothing! Gentlemen pull out your favorite guayabera. Ladies, Huipiles, whatever... If you don't have Mexican style clothing, how 'bout the colors of the flag... Red Green and White.

Our April lecture was a grand success. Thank you to Jane Martin for the wonderful presentation, complete with handouts, gift CD's, group sing-a-long and lots of valuable information about Mexican regional music. Jane brought some extra handouts that will be available in the back of the church this Sunday. Please help yourself. Thank you to John Mitchell for his excellent job as moderator and to Ileana and Mick Tanner for bringing cookies. We discovered some new good voices among an enthusiastic singing audience; hopefully some of them will show up in the choir loft one of these days.

## The Communicator April 19, 2024

There will be no May lecture. We have rescheduled Walter Lopez' "The Legacy of Maria Felix" to June when we will also have a lecture by Bob Dailey on the latest advances in hearing issues. Both dates will be announced within a couple of weeks.
