

The Communicator (Addendum) May 29, 2024

Regrettably a major announcement was missed in yesterday's **Communicator**. This Sunday, June 2 and next Sunday, June 9, the **Reverend Gillian Ball** will be officiating at Saint Michael's. I know how much many of you look forward to hearing Gillian preach and I'm hoping you can make it these two Sundays. Gillian will be celebrating a beautiful Celtic Eucharist.

Another member of our community has died intestate! Two weeks ago we wrote about having a will-writing workshop at SMAAA. **Kris Salgado** (THANK YOU KRIS) has offered to help us and I am also trying to find a couple of bilingual volunteer lawyers. In the meantime, Kris has provided a list of documents one needs to complete the will and to have it notarized. We will have the first will-writing workshop in July but in the meantime, you can start assembling the necessary papers and

thinking about the second page that Kris has suggested.

At time of Death you need: Birth Certificate, Marriage Certificate, Copy of your proof of citizenship or residency, Life insurance policy (if relevant), bank papers and a copy of a notarized Mexican will. You should have a letter describing what you wish done with your body and personal effects, Burial information and plans (if relevant). US wills are not enforced in Mexico.

Although in Spanish these two sheets of lists are quite clear. The second page is about one's preferences and how one would choose to be remembered, the kind of death one would want to have.

This important workshop is free but limited to the first 20 who apply. We will have a copy machine onsite to copy necessary documents. If accessible, participants should bring their computers. If necessary we will repeat the workshop in August or September. September is when Notorios offer half price registration of wills. Registering your will is essential.
